

7-3-1 100% Emergency Power

Power Sources for the Fauquier Amateur Radio Association 2011 ARRL Field Day include:

- Four Honda EU2000 generators - 2 stand alone and two operating in a pair.
- Real Big 4kw generator
- Solar panels for the Alternate Power QSOs

Some of the power sources are documented in the following figures.

Figure 1: GOTA Gen with Ext Fuel Tank

Figure 2: Big Gen for Station 2 and VHF

Figure 3: Solar Cells for Alternate Power QSOs

Figure 4: Twin Gens for Station 3

All stations of the 3A event plus VHF, Sat, and GOTA were powered fully by Emergency Power Sources.
