

Tips for FARA...

Please refer to the Virginia QSO Party rules for the official suggested frequencies.

We should try to work each other as much as possible. We will meet on 146.580 simplex Saturday evening at 10PM to coordinate.

Depending on conditions, here are the suggested FARA to FARA contact frequencies...

SSB - 1865, 3865, 7265, 14265, 21365, 28365 KHz

CW - 1865, 3565, 7065, 14065, 21065, 28065 KHz

Note the common ending of 65 just like our repeater frequency.

VHF FM frequencies are...

2m freqs are 146.55, 146.58, 146.49 (30kHz spacing), some folks use 15kHz spacing to include 146.565 and 146.595 to get away from the pack We should all be looking for each other, but call signs of note include:

AB4YK/M Mobile HF, VHF and UHF

K3SK/M only late on Saturday night and may late Sunday Night

K4GUN/M Mobile HF, VHF and UHF

K5EK/M Ed Mobile on Skyline Drive HF, VHF and UHF

KI4ZZP/M Mobil VHF including 6M FM at 52.525MHz

N4YXW/M Mobile HF, VHF, UHF

W4VA/P Our Club Expedition
